Subject: Registration of Components in Benzene Service
USS Clairton Works

Gentlemen:

The enclosed report provides a detailed listing of process components that are in benzene service at the USS Clairton Works. In addition, the report outlines the compliance monitoring, record keeping and repair activities as required by the National Emission Standards for Hazardous Air Pollutants (NESHAPS) regulations, as found in 40 CFR 61 Subpart L.

This information is being submitted in accordance with Section 61.138 of Subpart L.

If there are any questions, please contact Paul Kiswardy at (412) 233-1046.

Very truly yours,

H. R. McCollum
Manager, Environmental Control
USS Clairton Works
